Huh, ? Wie heeft daar last van?

Ik vind Woodstock eigenlijk wel een typisch stuk Bloemendaals cultureel erfgoed.

Misschien maar eens voorstellen bij ons college

## **Woodstock Bloemendaal**

We have bad news to share with all of you. Yesterday in the late afternoon we received a call from the local municipality of Bloemendaal that we're organizing our Woodstock Live shows without the proper permit. They feel it's a liability to the public order and safety.

To clarify, we're organizing these free shows for around 10 years now as a gift to everyone that wants to enjoy live music after a day on the beach. We never have any problems. Since we only have 12 permits for a full season, we organize shows with ticketsales mostly on Sundays. These free shows are just not possible if we need to use our very few permits for them. That's why we talked with the municipalities several times and we thought we had an understanding.

We're sorry as we were very much looking forward to the show of tonight. For now, the future of Woodstock Live is uncertain.

We will update you as soon as we have something to share.
